# The Saving of Money

by the use of Royal Baking Powder is considerable. Royal is economical, because it possesses more leavening power and goes further. Royal saves also because it always makes fine, light, sweet food; never wastes good flour; butter and eggs. More important still is the saving in health. Royal Baking Powder adds anti-dyspeptic qualities to the food.

There is no saving powder so economical in practical use, no matter how little others may cost, as the Royal.

Illustration baking powder almost invariably contains alum. Alum makes the food unwholesome.

## HESSIAN FLY A. G. CAMMACK

Kentucky Wheat Suffers From Its Ravages.

Went Against The Scale Is Issued.

Reports come from the wheat section of Kentucky and Tennessee that the Hessian fly, the summer scourge, is now making its appearance in the young wheat.

It is a pity that it is impossible to tell you just what the extent of the damage will be, when spring comes on this and the other wheat sections. At present it is only in the young wheat that the Hessian fly is to be seen. It is a pity that it is impossible to tell you just what the extent of the damage will be, when spring comes on this and the other wheat sections. At present it is only in the young wheat that the Hessian fly is to be seen.

There are two successive generations of the Hessian fly in the year. The first generation is the one that is seen in the young wheat. The second generation is the one that is seen in the mature wheat. It is a pity that it is impossible to tell you just what the extent of the damage will be, when spring comes on this and the other wheat sections. At present it is only in the young wheat that the Hessian fly is to be seen.

The Hessian fly is a small fly, but it is a very destructive pest. It is a pity that it is impossible to tell you just what the extent of the damage will be, when spring comes on this and the other wheat sections. At present it is only in the young wheat that the Hessian fly is to be seen.

## Stops Falling Out

If your hair is coming out, no wonder you are alarmed. It means that you are to have very thin hair, and that's about as bad as baldness itself. The trouble is your hair does not have life enough to stay in the scalp. Feed your hair with Ayer's Hair Vigor and it will be all right.

If the gray hairs are beginning to show, Ayer's Hair Vigor will bring back the rich color of youth to them.
